

# take the wheel

GRAHAM

Step outside, I ain't got nothing to fear  
Put away the pride, I can't let it interfere  
Stepping on the side, if you wanna keep it real  
Put it in drive, and let God take the wheel, wheel

I can't do this by myself, I needed change (Wheel, wheel)  
It ain't no mistake, I put the pride away (Wheel, wheel)  
I was feeling numb, ain't talking Novocain (Wheel, wheel)  
I took both my hands off the wheel  
Let go, singing on instrumentals  
Anything for my mental, I gotta keep it simple  
I had to hit the highest, I was on autopilot  
My soul was so divided, yeah, divided

Yeah, I step outside, I ain't got nothing to fear  
Put away the pride, I can't let it interfere  
Stepping on the side, if you wanna keep it real  
Put it in drive, and let God take the wheel, wheel

Yeah, I let God take the (Wheel, wheel)  
Yeah, I let God take the (Wheel, wheel)  
Yeah, I let God take the (Wheel, wheel)  
Yeah, I let God take the (Wheel)

Yeah, yeah, I can't do this on my own  
I'm like, yeah, yeah, I didn't know my right from wrong  
I'm like, yeah, yeah, but you won't ever lead me wrong  
I'm like, yeah, yeah, uh, yeah, yeah  
Heart check, like I went through TSA, baby  
Wrong path, yelling out, "I need someone to save me"  
Pride coming back, need to kill it on the daily  
(Kill it on the daily, kill it on the daily)

Step outside, I ain't got nothing to fear  
Put away the pride, I can't let it interfere  
Stepping on the side, if you wanna keep it real  
Put it in drive, and let God take the wheel

Yeah, I step outside, I ain't got nothing to fear  
Put away the pride, I can't let it interfere  
Stepping on the side, if you wanna keep it real  
Put it in drive, and let God take the (Wheel, wheel)

Yeah, I let God take the (Wheel, wheel)  
Yeah, I let God take the (Wheel, wheel)  
Yeah, I let God take the (Wheel, wheel)  
Yeah, I let God take the (Wheel)
