

Traffic

GRAHAM

I might miss the exit, I don't mind the traffic
If you're in the front seat, ain't no way I'm rushing
If I got permission, I'll increase the distance
We could take the long way, we could do this all day
And I'll do this all day, forever and always
We got unlimited time, so let's go the wrong way
I got no worries, yeah, I'm in no hurry
We know it feels so right, so let's take the wrong way

Yeah, it's a long life, but it's not enough to waste it
The front seat better when it's not vacant
It takes time, but I'm runnin' out of patience, I'm out of-
Yeah, uh, sl-slow it all down like I'm on a vacation
I put my phone down, no notifications
I'm 'bout whatever, tell me what you wanna make it
What you wanna-? Yeah

I'm goin' thirty-
five on the highway 'cause I don't wanna go home, yeah
See the brake lights on the whole way, baby, I've been goin' sl
ow
If it's late nights or the mornin', baby, I'm tryna get to know
, yeah
I'm tryna get to know you

I might miss the exit, I don't mind the traffic
If you're in the front seat, ain't no way I'm rushing
If I got permission, I'll increase the distance
We could take the long way, we could do this all day
And I'll do this all day (Yeah), forever and always (Oh)
We got unlimited time, so let's go the wrong way (Ooh)
I got no worries, yeah, I'm in no hurry
We know it feels so right, so let's take the wrong way

I might miss the exit, I don't mind the traffic
If you're in the front seat, ain't no way I'm rushing
If I got permission, I'll increase the distance
We could take the long way, we could do this all day
