

# Uppercut

GRAHAM

I took a liking to you  
And you took advantage of me, hey  
I'm sick of fighting for you  
Are you sick of fighting me? Hey  
When is enough enough?  
I step in your brain, you swing  
It's a one-two uppercut (Uh-uh)  
Uppercut, uppercut

Yeah (Uh-uh), uppercut  
It don't matter what I say, you bring another one  
Playin' both sides like it's double-dutch  
Ayy, lost so many times I had to count 'em up  
Uh, yeah, uppercut  
Are we runnin' out of love or runnin' out of luck?  
Runnin' out of time, yeah, it's catchin' up  
Ayy, catchin' up, yeah

I took a liking to you  
And you took advantage of me, hey  
I'm sick of fighting for you  
Are you sick of fighting me? Hey  
When is enough enough?  
I step in your brain, you swing  
It's a one-two uppercut (Uh-uh)  
Uppercut, uppercut

Yeah, I gave it all, you gave it back  
I got bruises on my body, I've been takin' all your jabs  
I do sorries on occasion, you don't like the sound of that, no  
I've been takin' hits like I'm a runnin' back, woah, woah  
Blindside, no, I'm on the wayside (Wayside)  
Let's not air it out in the daylight (Daylight)  
If we pickin' sides, I'm on the safe side (Safe side)  
Safe side (Yeah)

I took a liking to you  
And you took advantage of me, hey  
I'm sick of fighting for you  
Are you sick of fighting me? Hey  
When is enough enough?  
I step in your brain, you swing  
It's a one-two uppercut (Uh-uh)  
Uppercut, uppercut
