

## Worst Part

GRAHAM

The worst part of loving someone like you is  
Knowing that I'll never get over the wounds if you  
Don't stay  
Don't stay  
If worst comes to worst and you have to choose  
I hope I never see you with someone new  
'Cause how would take  
If you don't stay?

Yeah  
You put me back on my tracks, was down and at the bottom  
You're packing your bags and heading out by tomorrow  
My legs don't wanna work, my heart told me to follow  
The highs came with the lows, the love we had was borrowed  
You made it hard for me to move on  
There's nothing 'bout you to improve on  
I hate I want whatever you want

The worst part of loving someone like you is  
Knowing that I'll never get over the wounds if you  
Don't stay  
Don't stay  
If worst comes to worst and you have to choose  
I hope I never see you with someone new  
'Cause how would take  
If you don't stay?

The worst part of loving someone like you is  
Knowing that I'll never get over the wounds if you  
Don't stay  
Don't stay
