

Skyward Thunder Punch

Grailknights

He's got the punch
He's got the ultimate thunder punch
Most destructive force of nature
He is the one
The only one who melts ice and stone
Till it's finally gone

He feeds on danger - flesh delight
And is dining on death
He's got the power - day and night
And you soon get some rest
Rest in peace!

Forged by fire - and rolling thunder
You desire - a skyward thunder punch
Breaking the bars - torn asunder
Shaking the stars - skyward thunder punch

Fearless he is
He is the ultimate warrior
A fist flinging tornado
When he is done
He is done forevermore
Enjoy your meal without your teeth

His path is paved with pride - Paves with pride
Blasting all foes aside
Ashes to ashes
Dust to dust - dust to dust
And you still miss your teeth - miss your teeth

Forged by fire - and rolling thunder
You desire - a skyward thunder punch
Breaking the bars - torn asunder
Shaking the stars - skyward thunder punch

Surrounded by chaos the warrior stands tall
He won't lose his way though black shadows may fall

Forged by fire - and rolling thunder
You desire - a skyward thunder punch
Breaking the bars - torn asunder
Shaking the stars - skyward thunder punch

Forged by fire - and rolling thunder
You desire - a skyward thunder punch
Breaking the bars - torn asunder
Shaking the stars - skyward thunder punch
