

You said it wouldn't bother you but i know better than that
You told me that your love was true but your love was not a matter of fact
And honey when you get home i won't be here tonight
You hurt me i know
That's why i'm lettin you go

But i been thinking of you babe
I been thinking of y-o-u
Cause i been thinking of you lady
Thinkin of only you
Cause i been thinking of you now baby
Thinking of y-o-u

Oh girl i can't believe that you did the nasty things that you did
And the way that you played with me well you must think that i'm just a kid
Oh but i'm not your boy and i won't be nobodys toy
You hurt me i know
That's why i'm lettin you go

But i been thinking of you babe
I been thinking of y-o-u
Yes i been thinking of you lady
Thinkin of only you
Well i been thinking of you now baby
Thinking of y-o-u

You hurt me i know
That's why i'm lettin you go

But i been thinking of you babe
I been thinking of y - o - u
Well i been thinking of you baby
I been of y - o - u
Well i been thinking of you now baby,
You now baby, you now baby, y - o - u
Yeah you babe, i been thinking of y - o - u,
I been thinking of you yeah yeah, thinking of y - o - u,
Thinking of you baby, thinking of y - o - u fade
