

I Don't Wanna Live Here Anymore

Grandaddy

I just moved here, and I don't wanna live here anymore
I just moved here, and I don't wanna live here anymore
No I can't exactly say, I'm really getting just a feeling
Everything is outta place and now I'm having trouble dealing

I just moved here, and I don't wanna live here anymore
I just moved here, and I don't wanna live here anymore
Countless lovers everywhere, I never know what's gonna happen
They see me coming for a mile, all the while they were laughing

I just moved here
I just moved here
I just, yeah I just moved here
And I don't wanna live here anymore
I don't wanna live here anymore
No, I don't wanna live here anymore
I don't wanna live here anymore
