

## Nature Anthem

Grandaddy

I wanna walk up the side of the mountain  
I wanna walk down the other side of the mountain  
I wanna swim in the river and lie in the sun  
I wanna try to be nice to everyone

I wanna walk up the side of the mountain  
I wanna walk down the other side of the mountain  
I wanna swim in the river and lie in the sun  
I wanna try to be nice to everyone...
