

## That's What You Get for Gettin' Outta Bed

Grandaddy

That's what you get for gettin' outta bed  
You're such a tragic kid, aren't you glad you did?  
Head out the door, you've seen us all before  
You're such a tragic kid, aren't you glad you did?

That's what you get for gettin' outta bed  
Warming up your heart, and clearing out your head  
Out with your friends, I hope it never ends  
I guess that's what you get  
That's what you get for gettin' outta bed

That's what you get for gettin' outta bed  
Warming up your heart, and clearing out your head  
Now here's your song, I think I wrote it wrong  
I guess that's what you get  
That's what you get for gettin' outta bed  
Warming up your heart, and clearing out your head  
Out with your friends, I hope it never ends  
I guess that's what you get  
That's what you get for gettin' outta bed
