Dirty

grandson

Is it, time to lead or is it time to die?
Time to raise hell or walk on by
Is there anybody out there that's payin' attention?
Yeah, yeah
Is it, time to speak up or time for silence?
Time for peace, or is it time for violence?
Is there anybody out there that's payin' attention?
Yeah, yeah

Tell what you tryna hide?
And what you're runnin' from inside?
'Cause I got a surprise
We might not make it 'til the morning
So go on and tell me now

Do you have enough love in your heart
To go and get your hands dirty?
It isn't that much but it's a good start
So go and get your hands dirty
Do you love your neighbor?
Is it in your nature?
Do you love a sunset?
Aren't you fed up? (Yeah)
Do you have enough love in your heart
To go and get your hands dirty?

Yeah, yeah
To go and get your hands dirty

I got a skeleton under the floorboard
I got a secret, I need you to keep
Runaway, runaway, you have been forewarned
I don't wanna go off in the deep
If we don't do somethin' we'll be stuck up in the mud again
Don't wanna mess it up, 'cause I want everything and nothing at all
I got a feeling when they walkin' on the ceilin'
That the people need a healin' and they know

Tell what you tryna hide?
And what you're runnin' from inside?
'Cause I got a surprise
We might not make it 'til the morning
So go on and tell me now

Do you have enough love in your heart
To go and get your hands dirty?
It is not much but it's a good start
So go and get your hands dirty
Do you love your neighbor?
Is it in your nature?
Do you love a sunset?
Aren't you fed up? (Yeah)
Do you have enough love in your heart
To go and get your hands dirty?

Yeah, yeah
To go and get your hands dirty

Is there anybody out there that's payin' attention?
Is there anybody out there that's payin' attention?
Is there anybody out there that's payin' attention?
Is there anybody out there? (There, there, there, there, there)
So go on and tell me now (Oh)

Do you have enough love in your heart (Do you have enough love in your heart
)
To go and get your hands dirty?
It is not much but it's a good start (A good start)
So go and get your hands dirty
Do you love your neighbor?
Is it in your nature?
Do you love a sunset?
Aren't you fed up? (Yeah)
Do you have enough love in your heart
To go and get your hands dirty?

Yeah, yeah
To go and get your hands dirty
