

# Drop Dead

grandson

Sometimes the bad guy wins  
Sometimes the good guy dies  
When the screen goes black  
I'll be with you in the back  
On the bright side  
On the bright side

Sometimes good things don't last  
Time flies, and life goes past  
When your world is a mess  
I'll be with you for the rest  
On the bright side  
On the bright side

So

Take the money put it all on red

I'm a pothead, I'm a sinner  
Got no hope, not a sliver  
Rather drop dead than be a quitter  
I'd rather drop dead  
I'd rather drop dead  
I'm a pothead, I'm a sinner  
Shit life ain't fair, go figure  
Rather drop dead than be a quitter  
I'd rather drop dead  
I'd rather drop dead!

Sometimes we're too naive  
And they say that we'll underachieve  
I don't wanna cash out  
I'll be with you burning out  
On the bright side  
On the bright side

Even if we fall just short  
If we drift off course  
I ain't showing no remorse  
It's a nice ride

Even if we go up in flames  
Imma treat it all the same  
Know they won't forget the name  
For a lifetime

Take the money put it all on red

I'm a pothead, I'm a sinner  
Got no hope, not a sliver  
Rather drop dead than be a quitter  
I'd rather drop dead  
I'd rather drop dead  
I'm a pothead, I'm a sinner  
Shit life ain't fair, go figure  
Rather drop dead than be a quitter  
I'd rather drop dead

I'd rather drop dead!

Don't let go  
Don't give up that easy  
No  
Don't let go  
Don't give up that easy  
It's turning around  
Oh!

I'm a pothead, I'm a sinner  
Got no hope, not a sliver  
Rather drop dead than be a quitter  
I'd rather drop dead  
I'd rather drop dead  
I'm a pothead, I'm a sinner  
Shit life ain't fair, go figure  
Rather drop dead than be a quitter  
I'd rather drop dead  
I'd rather drop dead!
