

# A Little You

Granger Smith

Little tired  
A little rough around the edges  
But sure I'm doing fine  
All alone  
You'll drive me crazy if I let it  
But I'm getting by  
I see you've got everything you need  
With somebody new  
Wish I could say  
Things were the same for me  
I could use a little you

Round the clock  
Little pillow talk holding  
Moonwalk on the sand by the ocean  
On the couch with all the lights out  
In your living room  
Lovin' like lovers do  
Lonely's just fine  
But I could use a little you

Last we talked  
You had trouble with the engine  
But that car sure made it out of town  
No you're right  
I agree with your decision  
You seem happy now  
I know love goes away  
Now girl you're living proof  
When hearts break  
One of them always stays  
And I could use a little you

I could use a little road trip to forget  
Take a little cruise ship to sea  
But it's a sure bet I won't get far  
Without you with me

I'll be just fine  
But I could use a little you  
A little bit of you

Round the clock  
Little pillow talk holding  
I could use a little you  
I could use a little you
