

Burnin' Up Mockingbird Rd

Granger Smith

White house with the red mailbox
Two blocks to the 4-way stop
Missed a hole in the road where it heads up hill
Seven oak trees, One white pine
By the road with no street sign, round the curve
Cross the creek past the old windmill
Then its 1 more light and 5 more miles
My heart keeps beat with the lines on the street
And I just cant slow down

I'm gonna burn it up,
I'm burnin' up mocking bird road
To where my baby lives you know
Every chance I get I go
And every time its time to burn that line
Between her house and mine
I'll go anything but slow
I'm burnin up mocking bird road

Kick back turn the radio up
I barely have to drive this truck
Cause it already knows each mile by heart
Sometimes it almost seems I'm ridin' on wheels with wings
Flyin' high through the night to my baby's arms
Oh someday she'll ride back with me
And I'm gonna bring a little gold ring
But until that day

I'm gonna burn it up,
I'm burnin up mocking bird road
To where my baby lives you know
Every chance I get I go
And every time its time to burn that line
Between her house and mine
Ill go anything but slow
I'm burnin up mocking bird road

I'm gonna burn it up,
I'm burnin up mocking bird road
To where my baby loves you know
Every chance I get I go
And every time its time to burn that line
Between her house and mine
Ill go anything but slow
I'm burnin up mocking bird road

Buckle up heart here we go
I'm burnin up mockingbird road
I'm burnin up mocking bird road
