

# Damn Guitar

Granger Smith

Damn guitar  
I've learned every curve and chord  
I'm ashamed to say that I've held you more  
Than any girl

Damn guitar  
You've disguised loneliness with fame  
But I was just a kid when I took the bait  
So who's to blame?

It's been so many years, been so many strings  
Don't know how to be without you  
A needle in the vein, bullet to the brain  
I'd quit but I don't know how to  
So here I sit, alone again, when I need a friend  
When I'm pouring out my heart  
To a damn guitar

Damn guitar  
You've been around the world with me  
I'm like a drunk, that needs a drink  
And you fill my cup  
But damn it's hard  
Cause every dreamer's gotta pay the price  
I see you more than my kids and wife  
Don't you think enough's enough

It's been so many years, been so many strings  
Don't know how to be without you  
Needle in the vein, bullet to the brain  
I'd quit but I don't know how to  
So here I sit, alone again, when I need a friend  
When I'm pouring out my heart  
To a damn guitar

Woah  
Mmmm

Damn guitar  
You're six strings of therapy  
But am I playing you or are you playing me  
Cause what kind of man goes so far  
For a damn guitar  
Damn guitar  
Damn guitar  
Yeah
