

# I Wanna

Granger Smith

You make my heart beat  
You make my horses run  
You got me trippin', slippin' down like a settin' sun  
The way you look at me  
I want some more of it  
I wanna say your name over and over my lips  
The one thing that I wanna do mmmm  
Is everything if it's next to you, yeah

I don't need a reason to lean in and kiss you  
The second I leave you I already miss you  
There ain't a view any better than you  
So why would I wanna  
You ain't gotta twist my arm to keep it around you  
I ditch my plans cause I'm all about you  
Don't have to, I get to  
So I'm gonna, stay right here and love ya  
Cause I wanna  
I wanna

I wanna take my time  
Spend it all on you  
Slow like a porch swing middle of the afternoon  
Ain't gotta sweet talk me, ask me to stay  
Cause girl I'd be here anyway

I don't need a reason to lean in and kiss you  
The second I leave you I already miss you  
There ain't a view any better than you  
So why would I wanna  
You ain't gotta twist my arm to keep it around you  
I ditch my plans cause I'm all about you  
Don't have to, I get to  
So I'm gonna, stay right here and love ya  
Cause I wanna  
Ohh  
I wanna  
Ohh

Don't want a paradise roundtrip first class ticket  
If the seat by me ain't got you in it  
Cause there ain't a view any better than you  
So why would I wanna

You ain't gotta twist my arm to keep it around you  
I ditch my plans cause I'm all about you  
Don't have to, I get to  
So I'm gonna, stay right here and love ya  
Cause I wanna  
Ohh  
I wanna  
Ohh  
I wanna
