

# Livin' Like A Lonestar

Granger Smith

I've gotta a buddy out in LA  
He said the ball keeps rollin my way  
I've got the midas touch,  
Pretty savy with the stock trade

He said I've been livin like a rockstar  
Got a fast girlfriend  
And a hot new car  
You outta move out here  
If your lookin for an upgrade

I said thats cool but no thank you  
Cuz I've been livin like a lonestar in a honkeytonk bar  
Strummin strings on an old guitar  
And livin on tips from a pickle jar  
I've been drinkin my beer all night from dixie cup  
Got a yellow dog waitin in the truck  
Don't think I'm headed where you are  
But I make a good livin  
Livin like a lonestar

I've had a girl out in tennesse  
Her tinted windows down in her limousine  
Said I want to meet a real cowboy

She said ill make you feel like a rockstar  
Drinkin pink champagne with your caviar  
Let me give you ride and see what high lifes about  
I said girl thats kind of you  
But I'm just passin through

Cuz I've been livin like a lonestar in a honkeytonk bar  
Strummin strings on an old guitar  
And livin on tips from a pickle jar  
I've been drinkin my beer all night from dixie cup  
Got a yellow dog waitin in the truck  
Don't think I'm headed where you are  
But I make a good livin  
Livin like a lonestar

Every road we come a cross  
Can take us home or get us lost  
I choose to be on the  
The texas boy in side of me

Cuz I've been livin like a lonestar in a honkeytonk bar  
Strummin strings on an old guitar  
And livin on tips from a pickle jar  
We've been drinkin my beer all night from dixie cup  
Got a yellow dog waitin in the truck  
Don't think I'm headed where you are  
But I make a good livin  
Yeah its a good livin  
Livin like a lonestar
