

# Mexico

Granger Smith

You're my little senorita  
Sippin' a margarita  
So hot you're stealin'  
Thunder from the sun

Oh you know you got 'em  
Curves so exotic  
We ain't in the tropics  
But you feel like a vacation  
With that bikini top comin' undone

I ain't never been to Mexico  
But layin' here with you is so damn close  
I don't ever wanna let you go  
Sun on your body is sweeter than Agave Gold  
Tequila drippin' off your lips  
Kissing Coppertone off your skin  
Takin' me places I've never been  
I'm running my hands through the sand on the Cancun coast  
I ain't never been to Mexico  
No I ain't ever been to Mexico

I hear there's somethin' in the water  
In Puerto Vallarta  
Girl I think we oughta  
Go and book a one way flight  
We can be there in no time

I hear the days feel longer  
Nights ain't any shorter  
Girl what you say  
We go south of the border tonight  
Yeah we can take a little ride

I ain't never been to Mexico  
But layin' here with you is so damn close  
I don't ever wanna let you go  
Sun on your body is sweeter than Agave Gold  
Tequila drippin' off your lips  
Kissing Coppertone off your skin  
Takin' me places I've never been  
I'm running my hands through the sand on the Cancun coast

I ain't never been to Mexico  
But layin' here with you is so damn close  
I don't ever wanna let you go  
Sun on your body is sweeter than Agave Gold  
Tequila drippin' off your lips  
Kissing Coppertone off your skin  
Takin' me places I've never been  
I'm running my hands through the sand on the Cancun coast  
I ain't never been to Mexico  
No I ain't ever been to Mexico
