

# Hey Bartender

Grant Gilbert

Hey, bartender  
What you got sitting behind that bar to fix a broken heart  
Something that could take the pain of her ripping my world apart  
When it all goes dark

Hey, bartender  
Yeah I bet you've seen trouble like mine  
Roll in about a thousand times  
Thinking I could drown the hurt and drink her off of my mind  
Get lost in that neon sky

I know there ain't no 80 proof gonna wash this hurt away  
But I've got a lot of time to kill gonna try it anyway  
So pour me something strong  
'Cause I'm gonna be here all night long  
Taking double shots, on the rocks 'til the pain or the bottle's gone

Hey, bartender  
Yeah I miss her  
No matter what I do I just can't seem to get her out of my mind  
I wonder if she ever lays awake when she cuts them lights  
Like I do every night

I know there ain't no 80 proof gonna wash this hurt away  
But I've got a lot of time to kill gonna try it anyway  
So pour me something strong  
'Cause I'm gonna be here all night long  
Taking double shots, on the rocks 'til the pain or the bottle's gone

Hey, bartender

I might be here all night long  
'Til the pain or the bottle's gone  
Whatever comes first  
Whatever works

I know there ain't no bourbon gonna wash this hurt away  
But I've got a lot of time to kill gonna try it anyway  
So pour me something strong  
'Cause I'm gonna be here all night long  
Taking double shots, on the rocks 'til the pain or the bottle's gone

Hey, bartender  
Won't you pour me something strong?  
Hey, bartender  
'Til the pain or the bottle's gone  
Hey, bartender  
Hey, bartender
