

One Of These Days

Grant Gilbert

I got some change in my pocket
I got a stain on my shirt
And I got a thousand-dollar truck that needs a thousand-
dollars work
I keep my nose to the grind
And my back to the wall
And if it wasn't for bad luck I wouldn't have no luck at all

One of these days maybe something's gonna go my way
Maybe one of these days, man, I'm gonna catch my break
And we'll might even have it made
One of these days

I still got some rough on my edges
And some dog in my fight
And I still got some wrongs I try to make right
And I do what I should
Most of the time
And with a girl like you, I'm a pretty good guy

One of these days maybe something's gonna go my way
Maybe one of these days, man, I'm gonna catch my break
And we'll might even have it made
Yeah, one of these days

No, I ain't got a lot, babe
But I got a name
And maybe I'll change yours one of these days

Hah!

One of these days, baby something's gonna go our way
Maybe one of these days, I'm gonna catch my break
And we'll might even have it made
Yeah we're gonna catch a break
Yeah we're gonna have it made
One of these days
