

This Ain't That Song

Grant Gilbert

I've been drinking whiskey like it's water
But it ain't because you're gone
I ain't shutting down every bar in this town
Cause I can't sleep alone
If you think I'm thinking, drinking, singing about you
Girl you got it wrong
This ain't that song

This ain't that song you wanna hear
That achy breaky tear in my beer
Ain't no I was wrong, you were right
Or I can't stand another lonely night
It's a raise your glass don't let the door hit ya
No looking back cause I ain't gonna miss ya
Bet you wanna hear about how I can't move on
But this ain't that song

I've been smoking like a chimney
You always wanted me to quit
And I don't mind asking for a number on a napkin
Just because I can
If you think I'm lonely think you're the only one I need baby don't
This ain't that song

This ain't that song you wanna hear
That achy breaky tear in my beer
Ain't no I was wrong, you were right
Or I can't stand another lonely night
It's a raise your glass don't let the door hit ya
No looking back cause I ain't gonna miss ya
Bet you wanna hear about how I can't move on
But this ain't that song

I hope you hate it every time this song comes on
But you sing along

This ain't that song you wanna hear
That achy breaky tear in my beer
Ain't no I was wrong, you were right
Or I can't stand another lonely night
It's a raise your glass don't let the door hit ya
No looking back cause I ain't gonna miss ya
Bet you wanna hear about how I can't move on
But this ain't that song

Nah
This ain't that song
This ain't that song
Nah
This ain't that song
