

Mona Lisa

Grant-Lee Phillips

You're the last of your kind, Mona Lisa
With a wink of your eye, make it all right
Oh, there's more left to life, Mona Lisa
Let me take you along for the ride

Ain't nothin that stays the same
Won't ask it to you
Just that Burgundy smile you wore yesterday
Say you won't ever lose

I been down, I been worse, Mona Lisa
Came in last, came in first
But it all gathers dirt, Mona Lisa
For you bathe in the light

Ain't nothin that stays the same
Won't ask it to you
Just that Burgundy smile you wore yesterday
Say you won't ever lose

Oh, you taught me this much, Mona Lisa
And I done, set it aside
For when you need the same magic touch for
For when you need remindin

Ain't nothin that stays the same
Won't ask it to you
Just that Burgundy smile you wore yesterday
Say you won't ever lose

Just that Burgundy smile you wore yesterday
Say you won't ever lose
