

Come, Let Us Speak

Grave Declaration

Come let us speak of all the Great deeds our God
Did and left us memories. True is the Word, all good
Things comes from above. How He is good, how He is
Great, how His love finds a way to my darkest place.
Faithful is He that guides me,
Unworthy of His...

Mind blowing grace I've been given to face You,
I treasure the look on Your face as you see me,
I'm running towards You, where I know I'm safe.
Surely there's nothing that can compare to Your
Loving embrace, oh my God, come consume me
With Your perfect love

Glory, glory onto the throne
You alone God, rule on Your Own
None can take Your place in the high
I put my trust in You El-Shaddai

Heavy all around me I sense Your glory.
What a pleasure to be near, I lost the sense of my
Insanity. Holding my breath, as You breathe into me
It's as intimate as can be. Precious Saviour
You're the One that sets me free.

I have been bound, been pushed around bound and
Gagged by a force from under ground. Still there
Is no force strong than Jesus Christ. Resucded and
Put back on my feet, set me straight for the path He
Laid for me. Faithful is He that guides me,
Unworthy of His love.

Glory, glory onto the throne
You alone God, rule on Your Own
None can take Your place in the high
I put my trust in You El-Shaddai
