Shout It Out

Grave Digger

We make it loud and proud We wanna see your hands tonight We possess the power And we know we have the right

Don't turn away
Don't turn away
Rock it and roll it
Don't turn away
Don't turn away
Rock it

We come back without a warning
We will take control
Can't you feel the magic
And the fire in their souls

Shout it out
We're ready to rock now
Shout it out
Loud and proud
Shout it out
We're ready to rock now
Shout it out

We will lead you day by day And you can't run and hide We will keep on rockin Our souls are filled with pride
