

## Just A Drop

## Graveyard

To follow the lead of the blind  
Sit by the road until dawn  
To leave like a rabbit with a broken jaw  
Or pick any rose with a bloody thorn  
Trample the grass on a may day  
Roll in your drunken dream  
Pick up your hat, take off your suit  
It's coming apart at the seams

Real is the word that we long for and need  
The feel is the same as the treasure we seek  
We see what we see when we follow the signs  
Save your last breath for the end of the line

I'll tell you what I saw with my minds eye  
Doing my best wanna get it right  
I look no further than the corner of my eye  
Let them roll back and I fall to the side

I'm going to paint a picture for your eyes to see  
Off the straight and narrow just to get where it leads  
Takes just a drop to give life to a seed  
Just a few more and you got what you need  
Just a few more and you got what you need

Loose your mind on an endless search  
Dreams of a fool are like worms of the earth  
Deep down doing the dirty work

Oh, wait a minute what's the matter?  
Do you think it's all make believe, make believe?

To follow the lead of the blind  
Sit by the road until dawn  
To leave like a rabbit with a broken jaw  
Or pick any rose with a bloody thorn  
Trample the grass on a may day  
Roll in your drunken dream  
Pick up your hat, take off your suit  
It is coming apart at the seams

Look no further cos you're already here  
Slate so clean and the air is clear  
It takes just a drop to give life to a seed  
Just a few more and you got what you need

Real is the word that we long for and need  
The feel is the same as the treasure we seek  
We see what we see when we follow the signs  
Save your last breath for the end of the line

Oh, wait a minute what's the matter?  
Do you think it's all make believe, make believe?

To follow the lead of the blind  
Sit by the road until dawn  
To leave like a rabbit with a broken jaw

Or pick any rose with a bloody thorn  
Trample the grass on a may day  
Roll in your drunken dream  
Pick up your hat, take off your suit  
It is coming apart at the seams
