

## Light As A Feather

Graveyard

Lightning and thunder  
The rain's gonna fall  
No need to wonder  
We know nothing at all  
But we are God's children  
Left in a dream  
You're one in a million  
As strange as it seems

Light as a feather  
Lost in the breeze  
Getting together  
We can do as we please  
'Cause you're the creation  
It's all that we want  
Stay in meditation  
Stay after the sun
