

Never Wanted You

Gravy Train

Never, never, never wanted you, but I need you
Never, never, never wanted you, but I need you
Never, never, never wanted you
Never, never, never wanted you
Never, never, never wanted you, but I need you

Always thought I'd never float away, but I'm goin'
Always thought I'd never float away, but I'm goin'
Always thought I'd never float away
Always thought I'd never float away
Always thought I'd never float away, but I'm goin'

Flyin' alone on the wind
Flyin' alone on the wind

Never, never, never wanted you, but I need you
Never, never, never wanted you
Never, never, never wanted you
Never, never, never wanted you
Never, never, never wanted you, but I need you

Flyin' alone on the wind
Flyin' alone on the wind
