

## Desert Queen

Grayscale

Desert queen, turn the radio down  
Humming car battery  
Just you and me and the Western clouds, yeah  
Feel you dance around me  
Don't wanna feel the abuse  
Hold close let's slip to a dream  
Just you and me burning 'Zona heat, love  
Don't ever let me be

You say I'm coming loose  
"Just miss the older you"  
Said I'm the worst of news

Stuck in the sand  
A couple runaways, runaways  
Let's set this place on fire  
Desert queen  
We'll tear through everything  
Raider law  
I'll be your king  
Build us a perfect place  
Oh, desert queen

Flicker, fade, dance above me  
Feeling love's driest heat  
She's such a beautiful gypsy girl  
With dangling jewelry  
Come make my world  
Emerald eyes, I'm chasm deep yeah  
She's such a, she's, she's such a mystery

Stuck in the sand  
A couple runaways, runaways  
Let's set this place on fire  
Desert queen  
We'll tear through everything  
Raider law  
I'll be your king  
Build us a perfect place  
Oh, desert queen
