

Through The Landslide

Grayscale

I'm burnin' up
I can't keep from burnin' up
I'm soaked in rust
In a benzene haze at a touch

Yeah, I feel too much
And I'm so conditioned to some love
Got a calloused heart
And a jaded way that I trust

I know that I'm cynical of everything, darlin'
I know how I get sometimes
But I've been in the corner
I've been faded away and afraid
Won't you just stay?

Hold me through the landslide
Love me when I'm lost in fear
When my head is in a street fight
Yeah, you take my pain and make it disappear
Hold me through the landslide
Will you listen when I'm lost in tears?
Hand in hand under the street lights
Yeah, you take my pain and make it disappear

I'm burnin' up
When it comes to you, I'm burnin' up
I'll show that side to anyone
Honey, I'm cold as ice on a gun

I know that I'm cynical of everything, darlin'
I know how I get sometimes
But I've been in the corner
I've been faded away and afraid
Won't you just stay?

Hold me through the landslide
Love me when I'm lost in fear
When my head is in a street fight
Yeah, you take my pain and make it disappear
Hold me through the landslide
Will you listen when I'm lost in tears?
Hand in hand under the street lights
Yeah, you take my pain and make it disappear

Oh-oh-oh-oh, oh-oh-oh-oh
Oh-oh, oh-oh-oh-oh

Hold me through the landslide
Love me when I'm lost in fear
Can we lay here till the sunlight?
Yeah, you take my pain

Oh-oh-oh-oh
Hold me through the landslide
Oh-oh-oh-oh
Love me when I'm lost in fear

When my head is in a street fight
Yeah, you take my pain and make it disappear
Hold me through the landslide
Will you listen when I'm lost in tears?
Hand in hand under the street lights
Yeah, you take my pain and make it disappear
