

Genocide

Great American Ghost

I am fear inside
I am cyanide
I am fear inside
I am genocide

Destroy helpless inhabitants
Sulfur rains down from the sky
The have nots thrown to the savages
Oh the fear, the fear inside

Every breath is of burning flesh
Eliminate the innocent mind
Bathe in the blood of the beggar
Fire and flood forever

I am fear inside
I am cyanide
I am fear inside
I am genocide

Deliverance
Deliverance
They beg for deliverance
They pray for deliverance

Every breath is of burning flesh
Eliminate the innocent mind
Bathe in the blood of the beggar
Fire and flood forever

Fear monger
Eradicate entity
Evolution
Eternal enemy
Fear monger
Eradicate entity
Man is the eternal enemy

I am fear inside
I am cyanide
I am fear inside
I am genocide

I am fear inside
I am cyanide
I am fear inside
I am genocide

I am fear inside
I am cyanide
I am fear inside
I am genocide

Genocide...
