

# No Savior

Great American Ghost

Planet Earth is about to be recycled  
Your only chance to evacuate is to leave with us  
Planet Earth, about to be recycled  
Your only chance to, survive, or evacuate is to leave with us

I won't ask for forgiveness  
For a life of sacrilege  
I carry my own cross  
For a God that does not exist

We are all deciples  
Fighting for the light  
But we all

Suffer  
To prove you're worthy  
Nothing more than a life of pain  
Suffer  
Beg for forgiveness  
And crucify me

Fuck your psalms and your empty prayers  
Fuck begging at your feet  
There is nothing above me  
And nothing here but your deceit

We are all deciples  
Fighting for the light  
But we all

Suffer  
To prove you're worthy  
Nothing more than a life of pain  
Suffer  
Beg for forgiveness  
Crucify me

Corruption relies on nothing but failure  
No trial no error  
No Savior

No fucking Savior
