

## By My Side

Great Good Fine OK

Every night when your fate will call  
Find a way and you take it all

What you got to do to make it  
In the times when you feel naked  
And you take it all

It's the drive you need to have it  
If you're brave enough to love it  
And you leave me in the dark

Baby when I come to get you I'm all I find  
Every time I go to come back to see it's not my time  
Any time you think something is on my mind  
I'll tell you when it's all about you, I need you by my side  
Baby when I come to get you I'm all I find  
Every time I go to come back to see it's not my time  
Any time you think something is on my mind  
I'll tell you when it's all about you, I need you by my side

Every night my heart takes a toll  
Be my rock when I lose control

What you put me through to fake it  
In the times when I can't take it  
And I choose the door  
But you came to win I know it  
When you're by my side you show it  
And it makes me feel alive

Be my love, my calling to live for, to be my heart  
It's all that I'll wait for, to be my all  
It's more than you stood for, to stop my fall  
It's all that I'll...

Baby when I come to get you I'm all I find  
Every time I go to come back to see it's not my time  
Any time you think something is on my mind  
I'll tell you when it's all about you, I need you by my side  
Baby when I come to get you I'm all I find  
Every time I go to come back to see it's not my time  
Any time you think something is on my mind  
I'll tell you when it's all about you, I need you by my side

Ooooo, oooooo  
Ooooo, oooooo

Be my love, my calling to live for, to be my heart  
It's all that I'll wait for, to be my all  
It's more than you stood for, to stop my fall  
It's all that I'll...

Baby when I come to get you I'm all I find  
Every time I go to come back to see it's not my time  
Any time you think something is on my mind  
I'll tell you when it's all about you, I need you by my side  
Baby when I come to get you I'm all I find

Every time I go to come back to see it's not my time  
Any time you think something is on my mind  
I'll tell you when it's all about you, I need you by my side

By my side  
I need you by my side
