

Let's Talk

Great Good Fine OK

Let's talk about fear
My invitation to the party never showed up in the mail
I'm just tryin' to keep it real
Cigarette nightcap push it till my body fails
Until my songs are no good
And the cancer comes back
Will my kid be left with nothing
Are my parents gonna pass
Before I find the strength to forgive them?

Let's talk about how I've been here before
(Let's talk, let's talk)
Let's talk about why I keep closing doors
(Let's talk, let's talk)
Let's talk about how to move on when you're
Face down on the floor
(Let's talk, let's talk)
Let's talk about how I wish we were talking more

Let's talk about trust
The more I love somebody the more I wish I knew myself
Yea maybe you're enough
You always knew the difference
Between what I said and what I felt
The sun is gonna fall, quiet cannon ball
Shadows on the wall by the TV
If I'm being honest I knew you would save me

Let's talk about how I've been here before
(Let's talk, let's talk)
Let's talk about why I keep closing doors
(Let's talk, let's talk)
Let's talk about how to move on when you're
Face down on the floor
(Let's talk, let's talk)
Let's talk about how I wish we were talking more

I can handle this
Never let me slip away
I can handle this
If you're there we can share the weight

Let's talk about how I've been here before
(Let's talk, let's talk)
Let's talk about why I keep closing doors
(Let's talk, let's talk)
Let's talk about how to move on when you're
Face down on the floor
(Let's talk, let's talk)
Let's talk about how I wish we were talking more
