Progress

Great Good Fine OK

More or less I'm a little less stressed
But a bit more self destructive
Yeah, I don't know why
I'll confess I'm thinking of a time
Wish I could go back and own it
Say that you were right

You told me I was selfish
I tried but couldn't help it
I know I said I'm only human
I'm tired of making excuses, yeah

Now I want the best for you
I'm sorry that I tested you
I know it wasn't fair
Back then I didn't care
I wanna make it up to you

I think that's progress
I think that's progress

More or less I don't wanna invest
In a life where I get nothing
End up a lone
I'm a mess I don't wanna lie
Wish I coulda just been honest
When I said goodbye

You told me I was selfish
I tried but couldn't help it
I know I said I'm only human
I'm tired of making excuses, yeah

Now I want the best for you
I'm sorry that I tested you
I know it wasn't fair
Back then I didn't care
I wanna make it up to you

I think that's progress
I think that's progress

I used to think I've been around the block
I used to be a lot of things I'm not
And when I blink, your words are all I got
Like yesterday, no way that I forgot

You told me I was selfish
I tried but couldn't help it

Now I want the best for you
I'm sorry that I tested you
I know it wasn't fair
Back then I didn't care
I wanna make it up to you

I think that's progress

```
    I think that's progress
```

                                                                                    I think that's progress
