

She Comes To Me In Dreams

Great Lake Swimmers

I am in an uproar, are you coming to me
Just want to run with you, what state are you in now

Guess you are asleep now; goodnight for real now
Guess you are asleep now

She comes to me in dreams, she comes to me in dreams
She comes to me in dreams

In love with you vision, show me where to sign on
When I saw you wholly, light exploded in me

This is a convergence, this is a convergence
This is a convergence

She comes to me in dreams, she comes to me in dreams
She comes to me in dreams

Guess you are asleep now; goodnight for real now
Guess you are asleep now

She comes to me in dreams, she comes to me in dreams
She comes to me in dreams, she comes to me in dreams
