

## Story

Great Northern

Tell you a secret  
Tell you a story  
About someone inside  
I sit around  
Get you some glory  
And don't forget to tack on a lie  
And all those things you tried to make you feel alive  
And if you can't tell why those things make you blind  
That may be why the sun sets high  
What do you want? What do you need?  
What do you get? What do you see?  
Tell me a secret  
Tell me a story  
How about one, you can't hide behind  
Pass it around  
Get me some glory  
I won't forget to tack on a lie  
And is it all those things that we won't ever say  
And is it all those things we won't ever be  
And is it all those things we would pay not to see  
What do you want? What do you need?  
What do you get? What do you see?  
It's all the same with different words  
A simple name you knew you were  
The story goes I'm hiding, you're hiding  
I'm hiding away  
I should have left it all alone  
I should have left it all alone  
What do you want? What do you need?  
I should have left it all alone  
What do you get? What do you see?  
I should have left it all alone  
What do you want? What do you see?  
I should have left it all alone  
What do you get? What do you need?  
I should have left it all alone
