

# Bad Boys

Great White

Young boy, a hard gin ride  
On the loose again  
Live fast to play both sides  
I'm out to win

I'm no loser  
I got nothing to lose  
My life ain't easy  
But it's mine to use

Raised on the streets I know  
To get what you want you got to take control

I'm on the run, bad boys  
I'm on the loose, bad boys  
I'm on my way, bad boys  
I've paid my dues

Pull of the trigger  
Time starts to crawl  
Two lives are ended  
When the hammer falls

Raised on the streets I know  
To get what you want you got to take control

I'm on the run, bad boys  
I'm on the loose, bad boys  
I'm on my way, bad boys  
I've paid my dues

I'm on the run, bad boys  
I'm on the loose, bad boys  
I'm on my way, bad boys  
I've paid my dues

The lost years were long, each night was cold  
The way I felt? Feel the snow  
But I did my time, paid what i owed  
Don't want those walls of steel and stone

I'm on the run, bad boys  
I'm on the loose, bad boys  
I'm on my way, bad boys  
I've paid my dues

I'm on the run, bad boys  
I'm on the loose, bad boys  
I'm on my way, bad boys  
I've paid my dues

I put myself, bad boys  
Behind the walls, bad boys  
Now that I'm back, bad boys  
Ain't going to fall, bad boys
