

Down At The Doctors

Great White

Leaving the show
Still feel alive
Want a place to go now
Round about five

Down to the doctor
Down to the doctor
Come on down to the doctor
Make me feel good all night

Everybody needs a shot of R 'n B
So come on down to my surgery

Down to the doctor
Down to the doctor
Down to the doctor
Make you feel good all night

Down to the doctor
Down to the doctor
Down on the doctor
Make me feel good all night

Come on here baby
Won't do you no harm
I just want to shoot
Some rock 'n roll in your arm

Down to the doctor
Down to the doctor
Down to the doctor
Make you feel good all night
