

# I'm Alright

Great White

Yes I know- I went a little crazy  
Spent my money on  
Those lovely ladies

I don't mind  
If I don't have a dime  
Was a hell of a ride  
I won't deny

I paid my dues, I did my time  
I got the blues, but I still shine

I'm alright  
Rolling past the finish line  
I'm alright  
Now I see the sign, yes I do

I was up- so high I was flyin'  
Then it all came crashing down  
And I felt like dyin'

There is no misunderstanding  
The devil couldn't keep me down  
Cause I'm still standing

I know the rules, I've paid every toll  
I got the news before I lost my soul  
I'm alright  
Rolling past the finish line

I'm alright  
Cause now I see the sign

I'm alright  
Rolling past the finish line  
I 'm alright  
Now I see, now I see, I see the sign

I'm alright  
Rolling past the finish line  
I'm alright  
Now I see the sign

I'm alright  
Rolling past the finish line  
I'm alright  
Now I see, now I see, now I see the sign

I'm alright  
Rolling past the finish line  
I'm alright  
Now I see the sign

Yes I do

I can see the sign

I'm alright

I'm alright
