

Living, Loving Maid (She's Just A Woman)

Great White

with a purple umbrella and a fifty cent hat
living loving she's just a woman
missus cool rides out in her aged cadillac
living loving she's just a woman
come on babe on the roundabout ride on the merry go round
we all know what your name is so you better lay your money down
alimony alimony paying your bills
living loving she's just a woman
when your conscience hits you knock it back with pills
living loving she's just a woman
come on babe on the roundabout ride on the merry go round
we all know what your name is so you better lay your money down
telling tall tales of how it used to be
living loving she's just a woman
with the butler and the maid and the servants three
living loving she's just a woman
give it now
you got it
nobody hears a single word you say
living loving she's just a woman
but you keep on talking till your dying day
living loving she's just a woman
come on babe on the roundabout ride on the merry go round
we all know what your name is so you better lay your money down
living loving she's just a woman
living loving she's just a woman
living loving she's just a woman
