Great White

Six in the morning, that's the moment I hate  
I stayed up all night and now I'm running late

Lay down the bottle, put down the smoke  
Can't find my keys, where the hell's my coat?  
Look out the window, here comes the rain  
Oh, my god, I feel the pain

Yeah, yeah, my resolution  
(Is) to make it through another day  
Yeah, yeah, my resolution  
Ain't nothing else I want to say

They towed my car, too many tickets were due  
Oh, when I look in the sky, there's not a touch of blue  
Not a touch of blue, yeah

It don't matter if I'm right or wrong  
I'm always singing the same old song  
I need a life I can call my own  
Come on, come on, throw me a bone

Yeah, yeah, my resolution  
(Is) to make it through another day  
Yeah, yeah, my resolution  
Ain't nothing else I want to say

I want to make it through  
Ooh, I'm down on my knees  
Please somebody show me  
Somebody show me the way

Ain't got no luck, ain't got no life  
Ain't got no woman to please at night  
Ain't got no future to call my own  
Somebody, come on, throw me a bone

Yeah, yeah, my resolution  
(Is) to make it through another day  
Yeah, yeah, my resolution  
Ain't nothing else I can say

Yeah, yeah, my resolution  
(Is) to make it through another day  
Yeah, yeah, my resolution  
There's nothing else I want to say

My resolution
