## **Save Your Love**

## **Great White**

I wake in the night
To find you on my mind
Deep in a dream you'll always be
Till the end of time

I look in your eyes they touch my soul My love is hard to hide I'm never alone when we're apart I feel you by my side

And here in my heart
Where no one else will ever be
I know who you are
So lock the door and throw away the key

Save all your love Save your love for me When I'm alone at night You're all I see

I wake from a dream

And see you by my side

How could I belong to someone else

When holding you feels so right?

And here in my heart
Where no one else will ever be
We've made it so far
So lock the door and throw away the key

Save all your love Save your love for me When I'm alone at night You're all I see

Save all your love
Save your love for me
Don't turn your back on me
You're all I see

I know who you are We've come so far So baby stay with me

Save all your love Save your love for me Don't turn your back on me You're all I need

Save your love
Save your love
Save all your love
Save all your love
Save your love
Baby save all your love
Save all your love
