This Is The Life

Great White

I've seen the good times
I've seen the bad
There were times bad
Luck, was all I had

No turning back
Eyes on the prize
I step into the spotlight
I realized
And I had a feeling
I was in the race
Now I'm on my way

This is the life
Now I'm livin' the dream
Yea, the good life
Gives me everything I need

This is the life
And I never will forget
About the hard times
That made me a better man

It wasn't easy
And a hell of a ride
Everything has come from
Sacrifice
So many people
So many friends
To all that helped to get
Me here, you 're part of what I am
And now the long road
It calls my name
I'll never be the same

This is the life
Now I'm livin' the dream
Oh the good life
Yea it's everything I need

This is the life
And I never will forget
About the hard times
That made me a better man

I'm living a dream
I'm living a dream

Not a day goes by
As I sit in disbelief
Every night I look around
This is my destiny

This is the life
Now I'm livin' the dream
Oh the good life
Yea it's everything I need

This is the life and I never will forget
About the hard times
That made me a better man

This is the life
Yeah the good life
This is the life
About the hard times
That made me a better
That made me a better man
