

## Wait It Out

Greek Fire

Will you see me in the blue sky?  
Will you see me on the mountainside?  
Wait it out  
Will you see in your red wine?  
Will you see me in a stranger's eyes?  
Wait it out

Oh and I've taken all the steps I needed  
Oh and he's wakened all the demons in you

You say "it's over"  
Well I thought we had a map to take us into the promised land  
But I found you here without a ring on your hand  
You're in a panicked confusion  
And I thought we had a map to take us into the promised land  
But I found you here with all your feelings for him  
You're in this panicked confusion  
I'm in a panicked confusion

I can live this way a while  
But it's killing me to wait  
It's crushing me, the weight  
I can live this way a while  
Will I ever be good enough for you to need, to love?  
Can we wait it out?  
Tell me all about your crush, crush  
Can we wait it out?

Can you live without the blood rush?  
Can you live without my touch that much?  
Wait it out  
Can you wait it out?  
I can't believe that you would blame the trust  
And take advantage of a stranger's lust  
Wait it out, oh, can you wait it out?

I can live this way a while  
But it's killing me to wait  
It's crushing me, the weight  
I can live this way a while  
Will I ever be good enough for you to need, to love?  
Can we wait it out?  
Tell me all about your crush, crush  
Can we wait it out?
