

Not Alone

Greeley Estates

The void inside
An empty space you've tried to fill
With anything that will deaden the pain
It just won't go away

But don't give up hope

You've lost your way but you're not alone
I thought you should know
Through it all we'll be right here next to you

So what's your role
Is there anywhere you can belong
You're down to your last rope
And ready to let go

But don't give up hope

You've lost your way but you're not alone
I thought you should know
Through it all we'll be right here next to you
I thought you should know

(There's so much more)
(Outside of this)

(So much more)

You've lost your way but you're not alone
I thought you should know
Through it all we'll be right here next to you

You've lost your way
You've lost your way
You've lost your way
