

Open Your Eyes

Greeley Estates

Why even look at me I'm just lying here bleeding
Just pretend you didn't even see me
Thanks for caring, when I'm lying here dying
No I'm not alright, I'm lying here dying

Is this what I've become, so useless that not one soul will help me
Is this what I deserve, I never thought I'd die so broken

If I scream out loud will you listen
What do I have to do to get some help
If I scream out loud will you listen
You only pass by me everyday

Just live your life, forget about me
Cuz I'm full of sin, and so unclean

Can't you see that, I'm lying here dying
Don't you care that, I'm lying here dying
I'm lying here dying, why can't you see that
I'm lying here dying, why can't you see that

Is this what I've become, so useless that not one soul will help me
Is this what I deserve, I never thought I'd die so broken

I'm not a monster, I'm just a sick man
Who would give anything, to have his soul back

If I scream out loud will you listen
What do I have to do to get some help
If I scream out loud will you listen
You only pass by me everyday

Wash your hands forget what you see
Go west young man let the evil go east

I'll cut the evil out, just watch me bleed
