I confess so do it one more time
These handcuffs are too tight
C#mi
You know I will obey, so please
Don't make me beg
A **H**
For blood, sex and booze you give me

E
Some say I'm disturbed
Asmi **C#mi**
But it's what I deserve, another lesson
A **H** **E**
To be learned from a girl called kill

2. My head is in the gutter
Thank you sir, strike up another mandolin
Of discipline
Throw me to the dogs
Let them eat my flesh down
To the wood
It feels so good

R: I'm in distress...
