

# Blood, Sex And Booze

Green Day

**E**  
1. Waiting in a room  
All dressed up and bound and gagged  
**C**  
To a chair  
It's so unfair  
**E**  
I won't dare move, for the pain  
**C**  
She puts me through is what I need  
**E**  
So make it bleed

**C#mi**  
R: I'm in distress, oh mistress  
**E**  
I confess so do it one more time  
These handcuffs are too tight  
**C#mi**  
You know I will obey, so please  
Don't make me beg  
**A** **H**  
For blood, sex and booze you give me

**E**  
Some say I'm disturbed  
**Asmi** **C#mi**  
But it's what I deserve, another lesson  
**A** **H** **E**  
To be learned from a girl called kill

2. My head is in the gutter  
Thank you sir, strike up another mandolin  
Of discipline  
Throw me to the dogs  
Let them eat my flesh down  
To the wood  
It feels so good

R: I'm in distress...
