Chump

Green Day

předhra: **A D A D**

```
   A                  D             A D
1. I dont know you, but I think I hate you!
   A                   D            E
   You're the reason for my misery
   A                  D                      A           D
   Sweat dead, you become right here as: Dead no man!
   A             D                 E
   and I never ever seen your face!

   D                 A
R: Maybe it's just jealosy
   G                         F
   Mixed up with a violent mind
   D                                    A
   A circumstance that does'nt make much sense
   G      D A D
   Or maybe... I'm just dumb!

2. You're the cloud, hanging out over my face
   welcome to my hitman misery
   Magic man, egosentic plastic man
   bull shit, I'm refresh to burn on him

R: Maybe it's just jealosy...
