

# Know Your Enemy

Green Day

**H** **E** **H**  
Do you know the enemy  
**H** **E** **H**  
Do you know your enemy  
**A** **H** **E** **H**  
Well, gotta know the enemy  
**F#**  
Oh, hey

Violence and energy  
Against the enemy  
Violence and energy  
Oh, hey

Bringing on the pury  
The choir infantry  
Revolt against the honor  
To obey

Overthrow the effigy  
The vast majority  
Burning down the foreman  
Of control

Silence is the enemy  
Against your urgency  
So rally up the demons  
Of your soul

Do you know the enemy  
Do you know your enemy  
Well, gotta know the enemy  
Oh, hey

**E** **H**  
The insurgency will rise  
**E** **H**  
When the bloods been sacrificed  
**E** **H**  
Don't be blinded by the lies  
**F# H F#**  
In your eyes,

**F#** **H** **F#**  
Violence is an energy (oh, e-o-hey)  
**F#** **H** **F#**  
From here to eternity (oh, e-o-hey)  
**F#** **H** **F#**  
Violence is an energy (oh, e-o-hey)  
**F#** **H** **F#**  
Silence is the enemy  
**F#**  
So gimme gimme revolution

**H** **E** **H**  
Do you know the enemy  
**H** **E** **H**

Do you know your enemy

**F# H E H**

Well, gotta know the enemy

**F#**

Oh, hey

Overthrow the effigy

The vast majority

Burning down the foreman

Of control

Silence is the enemy

Against your urgency

So rally up the demons

Of your soul
