

# Stab You In the Heart

Green Day

Baby infidel telling dirty lies, everybody can see  
Kick it in the head and now I wanna see you dead with a switchblade edge to the chest

I wanna stab you in the heart  
I wanna stab you in the heart  
Right in the bloody bloody heart  
Ooh-ooh-ooh  
For heaven's sake  
You're just a fake  
And you know it ain't right

Pictures don't lie when you're front-page news  
Dagger to the heart coming down on you

I wanna stab you in the heart  
I wanna stab you in the heart  
Right in the bloody bloody heart

Ooh-ooh-ooh  
For heaven's sake  
You're just a fake  
And you know it ain't right

Daggers in my eyes and rusty tambourine  
Gimme my stiletto gonna do some surgery  
Right to the heart

(In the bloody, oh in the bloody)  
I wanna stab you in the heart  
(In the bloody, oh in the bloody)  
I wanna stab you in the heart  
(In the bloody, oh in the bloody)  
Right in the bloody bloody heart  
Ooh-ooh-ooh  
For heaven's sake  
You're just a fake  
And you know it ain't right
